

# MOTORIZED PALLET JACK SCALE

**TUFNER**  
WEIGHING SYSTEMS

No pumping needed, simply press a button to lift or lower

Large battery indicator and 9ft charging cord

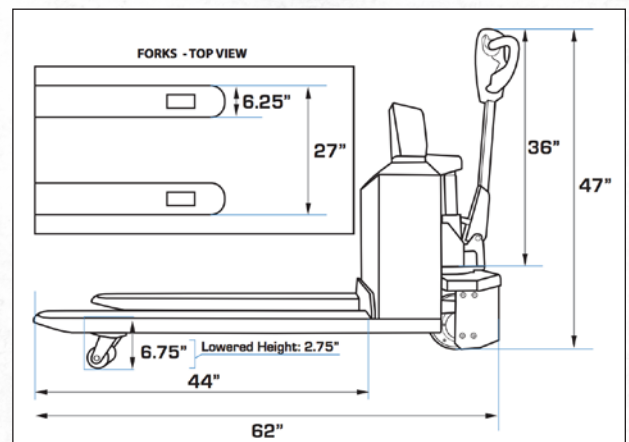

User friendly back-lit indicator with optional printer

Tufner's motorized pallet jack scales make it easy to lift, transport and weigh pallets without any effort. Simply press the buttons on the handle and let the machine do all the work, all you have to do is steer.

## FEATURES

- Electric pallet jack scale allows users to quickly lift, weigh and transport pallets effortlessly
- Lifts and lowers pallet loads quickly and easily with a push of a button saving time and increasing productivity
- Ergonomic handle features dual butterfly forward/reverse thumb controls, lift/lower controls, and a safety horn
- Effortless steering on flat or uneven surfaces
- Fully powered pallet jack maneuvers loads up ramps and inside trailers without a hassle
- Reinforced construction for heavy and long term use
- Ultra low 2.75" profile with tapered front forks
- Battery lasts 6 continuous hours
- Built-in LCD display and optional built-in thermal printer
- Units: lb and kg switchable
- Single wheel design helps prevent jack from getting stuck or breaking your pallet compared to double wheeled designs
- Small raised entry wheels inside the forks help guide forks when rolling into a pallet
