# Truck Weighing (K404) Operator Sheets
Select a Truck ID

- A short press of <UP> and <DOWN> arrow keys to select a truck from a list of the most recently used.

- To select a truck name – enter first letter of truck name via the keypad.

- <UP> and <DOWN> keys to step through the list of trucks starting with the entered letter.

ADD a Temporary Truck ID

- A short press of the Truck key to enter a name followed by the <OK> key.

- If a name isn't specified a temporary one is allocated - format TNum (eg. T12).

- **A temporary Truck ID is automatically deleted at the end of the weigh out process.**
ADD a Permanent Truck ID

- A long press of the <UP> arrow (**Add**) to create a new **permanent** truck ID.

- The name of the new truck must be specified.

- If a truck exists with that name it will be selected, otherwise a temporary truck with that name will be created.

DELETE a Truck ID - Long Press of the Down Key (Del)

- A long press of the <DOWN> arrow (**Del**) Key to create a delete a truck ID.

- Trucks can only be deleted if the total weight is 0

- Truck totals can be cleared using a long press of the 4 key (Total)

EDIT a Truck ID - Long Press of the OK Key (Edit)
